

Design Your Pet's "Spa" Day

Designing your pet's spa day gives you a chance to decide how your pet will look and also gives you a chance to try something new (if you chose). The groomer will do the best she can to groom your pet exactly how you want, but keep in mind, certain factors may prevent the groomers from meeting your haircut desires, such as; matted hair, excessively thick fur, fleas, or other skin conditions may require a shorter haircut.

Same haircut that my pet had last time. Check here
